

## Position Vacant

### Risk Surveyor (X2)

Southern Cross Assurance is a leading insurance provider in Papua New Guinea, offering affordable and comprehensive insurance solutions for private, small business, and corporate clients. With a commitment to superior client servicing and efficient claims settlement, SCAL supports its offerings with robust reinsurance programs organized through their Lloyds accredited reinsurance broker. Located in Port Moresby, SCAL aims to be one of the most trusted and preferred insurers in the Pacific region, providing tailored insurance products and services to meet the unique needs of their clients.

#### Job Expectations & Key Responsibilities

---

Responsibilities encompass, but are not limited to, performing physical property surveys to identify hazards and risks associated with insured properties. You will compile and present the survey findings in Risk Survey Reports, which include recommendations for underwriters to help mitigate these risks and enhance underwriting and reinsurance processes. The role also involves evaluating property valuation reports, providing risk management guidance, and delivering technical support to underwriters. Furthermore, specific reports will be prepared for the reinsurance team, along with other related tasks as required.

#### Qualifications and Work Experience

---

- Certificate or higher in risk management, insurance, finance, engineering or a related field
- Professional Certificates such as Chartered Property Casualty Underwriter (CPCU) or Associate in Risk Management (ARM) are advantageous
- Minimum 3 - 5 years in risk management, insurance surveying, or real estate evaluation
- Previous experience in engineering or construction may be beneficial, especially for technical assessments.
